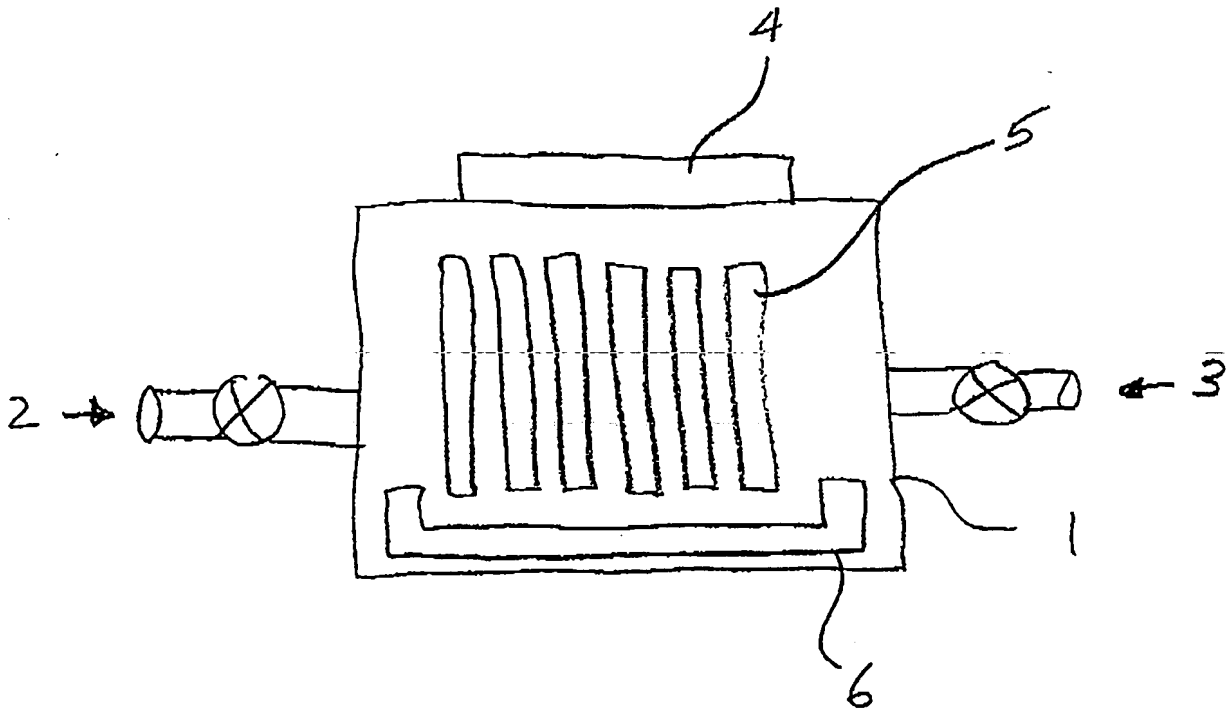

FIG. 1A

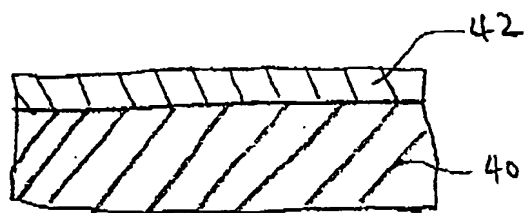

FIG. 2A

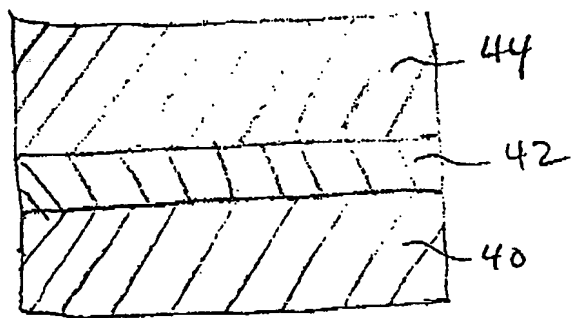

FIG. 2B

A cross-sectional view of a multi-layered structure 40. The structure consists of several layers. The top layer is labeled 46c. Below it is a layer labeled 46b, which is part of a group labeled 46. Below 46b is a layer labeled 46a. The main body of the structure is a thick layer labeled 44, which contains diagonal hatching. Below layer 44 is a layer labeled 42, which also contains diagonal hatching. The bottom layer is labeled 40, which contains diagonal hatching.

A cross-sectional view of a multi-layered structure 40. The structure consists of several layers. The top layer is labeled 48 and has diagonal hatching. Below it is a layer labeled 46c, which is part of a group 46 indicated by a bracket on the left. This group 46 also includes a layer labeled 46b and a layer labeled 46a. Below these is a layer labeled 44, which has diagonal hatching. Below layer 44 is a layer labeled 42, which has diagonal hatching. The bottom layer is labeled 40 and has diagonal hatching.
